Arriving at the Competition

- Please arrive at least 45 minutes before your first event if you have your hair and makeup done
- Would recommend coming 1.5 hour before if your hair and makeup needs to be done at the venue
- When you arrive at the venue, you will first present/purchase/pickup your ticket
- Once you and your partner are there got to the registration table to sign in. You will both need to sign a form before receiving your competition number.

-Please bring \$5 for the deposit for the lead's competition number which will be worn on his upper back.

-When it gets close to your event time, listen to the MC for marshalling.

-Make sure you know where partner is and let them know if you have to go to the changeroom, washroom, or leave venue at any time before you dance. There is nothing worse than being called for your event and not knowing where your partner is!
